"I take great pleasure in speaking words of praise for Doan's Kidney Pills, and my personal experience is what makes me feel that way toward the pills. For several years
I have had an almost continual backache.
I could hardly stoop over, and anything that
required bending over would aggravate my
backache so that I would be compelled to go
and lie down for awhile. I was also greatly troubled with the urine. Sometimes it was very frequent, and then again it would become very scanty and high colored. When that way my stomach would bloat up terribly. This is what might be called the dark side. This is what might be called the dark side, of my story. The bright side followed when I procured a box of Doan's Kidney Pills at the drug store of Johnson & Henderson and began their use. Their action was almost like magic. The second day after I commenced taking them my back felt better. I continued their use, and to-day my back feels splendid. It is free from any pack or lameness, something I have not ache or lameness, something I have not experienced for a number of years. The experienced for a number of years. The urination has been restored to a natural condition and regularity. I do not bloat any more. Another member of my family was troubled in nearly the same manner, and obtained the same benefit from using Doan's Kidney Pills that I did. Their wonderful success has made me enthusiastic in their praise. You are at liberty to use this statement and refer anyone to me. I have already told lots of people about

them."

Hanna Will Win the United States Senatorship from Ohio.

SEPARATE BALLOT HAS BEEN TAKEN,

Giving Him Seventy-Three Votes, Just Enough to Elect-Republicans Go Wild Over the Result-Antis Are

Charging Bribery. Columbus, O., Jan. 12.—The factional warfare against Senator Hanna is not ever. It will have at least one more day of charges and counter-charges. The fight has never been more bitter than now. Hanna received 73 votes yesterday, a majority of one over all in a total membership of 145. The senate voted 19 for McKisson and 17 for Hanna. The house vote stood: Hanna, 56; McKisson, 49; Wiley, 1; Warner, 1; Lentz, 1, and one absent. The only absentee was Representative Cramer, the Democratic-Populist member from Paulding county, who is seriously sick. His physicians stated last night that e could not possibly be in his seat today. After the vote was recorded yesterday in each branch of the legislature separately a majority of a quorum of those present is all that is neces-sary in the joint balloting, so that the serious illness of Cramer might become an important factor.

Joint Ballot Is the Next Thing. The scattering vote yesterday for Lentz, Wiley and Warner was cast by Representative Wiley, Hazlett and Hess -all Democrats. If Cramer had been present and all other Democrats in line McKisson's vote in the house would have been 53, or still three short of a majority in that branch of the legislature. With Hanna having a majority of three in the house, and McKisson having a majority of 2 in the senate, the chair will announce today that there was no election yesterday and that a joint ballot will be in order. soon as the two bodies meet in joint convention at noon today their respective journals of yesterday will be read and the lieutenant governor will

Hot Fight for That One Vote. If all the senators and representatives are recorded on the joint ballot today as they were recorded yesterday on their respective ballots Hanna will have a majority of only one over all. But in the absence of Cramer, and by some of the Democrats refusing to vote for McKisson, he is likely to have a larger majority of record on the journal of the joint convention. With the result apparently hanging on the change of only one vote the contest continued

all last night, the same as it has been going on here other nights for the past Recalcitrants Sign Some Statements. The seven Republicans who refused to vote for Hanna yesterday have since signed statements that burn the bridges behind them. Senator Burke and Representatives Scott, Mason, Jones and Rutan say they will vote for Hanna if the Otis charges are proven to be un-true. Representatives-Otis and Bramley, however, simply signed a codicil to the statement of the other five in which they concur in asking for an investigation, but they state that they will not vote for Hanna under any circumstances. While the bureaus claims and charges are in full operation on both sides, as usual there are also reports about the bribery charges being

presented to the grand jury of Hamil-

ton county and of Franklin county.

Joy at the Hanna Headquarters. Hardly had the result of the ballotyesterday before a surging crowd filled the lobby and corridors of the Neil House and cheers for Hanna swept like waves through the house and out on the streets. Hanna responded to the repeated calls from his friends, and in answer to their demands made a speech congratulating them on behalf of the Republican party for the auspicious outcome. "It is not so much a matter of personality with me," said he. "It is a question of keeping the pledges and upholding the integrity the party, and of giving heed to the will of the people." The excited crowd lifted the senator from the floor, and man after man embraced him, while others were shaking both hands.

BRIBERY TALK ALL AROUND,

A Sensation That Was Advertised, but Did Not Come Off.

Columbus, O., Jan. 12.-If Ohio does not accupy a bad eminence in the matter of political bribery it will not be the fault of those who are charging bribery on both sides. Monday night a charge was made that Otis had been offered \$10,000 to vote for Hanna and that he would rise in his place in the senate yesterday and make the charge, walking up to the president's desk, with the \$10,000 roll and depositing the cash with the president. The only development in the matter was in the house where the Republicans voted down a motion to first investigate this bribery charge, and then elect a senator.

The next accuser is Mason, a Republican bolter, who was elected speaker of the house by the combine. He omes out with a statement to the effect that "two years ago when the fifty-year franchise bill was before the legislature I was approached by a man from Cleveland who was lobbying in the in-terest of that bill. He offered me a bribe of \$1,000 if I would vote for that

measure," and Mason "believed he [Hanna] knew" all about it. The Democratic steering committee of the fusionists last night issued the following brief manifesto: "To the pub-"Marcus A. Hanna will not be

elected by this legislature." Governor Bushnell last night said: "I simply desire to repeat the statement which I made a day or two since that the result of the contest rests with the members of the legislature. Who-sver they may elect will receive my cordial support."

Illinois Miners Decide to Strike. Taylorville, Ills., Jan. 11.—The miners of the Taylorville Coal company met there last night and decided to strike for the Springfield scale, which Man-ager Shamway declines to pay because the Wisconsin Central railroad, which he has a contract to furnish 800 tons of coal daily, refuses to pay an advance JOHNSON & HENDERSON over the contract price.

TELEGRAPH & REPORTS OF HAPPEN-INGS IN MICHIGAN.

Items Called Out for the Benefit of Our Own Readers-News of the Past Few Days Which Will Be of General Interest to Michigan People.

Lansing, Mich., Jan. 8.-Frank I. Darling, whose mother and sisters reside here, died late last week at Reading. Pa., where he had been stationed several years as a pension examiner. His body was brought to Mason, the county seat, for burial, and its coming revealed a sensational state of affairs. Two days ago Darling's wife and three children arrived at Mason from Ann Arbor to attend the funeral, but when a friend of the family went to Jackson to meet the body he found there a woman who claimed to be Darling's wife. She had come from Reading, accom-panied by two children, and was en

She declared she was married to Darling several years ago, after he had shown her what was alleged to be a decree of divorce from his first wife. The document was properly signed and sealed, and bore every evidence of be-ing genuine. Darling for several years was employed as a dupty clerk of this county, and it is believed that while acting in that capacity and having access to the seal, etc., he forged the decree. Upon learning of the situation the woman returned home with her children. The first Mrs. Darling, who is the daughter of a prominent farmer. had no knowledge of the true state of

FLAW IN THE TITLE.

It Affects Valuable Property in Marquette Mich.

Marquette, Mich., Jan. 12.-What appears to be a flaw in the title to a large part of the property in the south part of the city, has been discovered. Three additions to the town covering most of whatis known at South Marquette are affected. The flaw came about through the failure twenty years ago, to secure the signature of the five children of an undivided one-third when it was deeded to the new owners. Several claim to have known of it, but to have supposed the two-thirds owners were holding adversely to the one-third interest, where it now appears it was a case of cotenancy. If this is true the one-third interest has not been lost to its owners or their heirs.

The parties interested in the onethird are Paddleford, Fay & Co., Boston; Edwin Parsons estate, New York; John Montemolen's estate, Savannah Joseph S. Greenough, Boston. They have made over their interest in trust to a local agent to make a settlement with the present holders. The property involved is worth several hundred thousand dollars, but the settlement will hardly cost a third of this sum, for it is believed here that not more than one of the heirs has an equitable right in the property and that deeds to correct title will issue in most cases with no cost except agent's fee.

LUMBER PILES DESTROYED.

Saginaw Lumber and Salt Company Loses \$120,000.

Saginaw, Mich., Jan. 7.-Eight million feet of lumber were burned on the docks of the Saginaw Lumber and Salt company at Crow Island, eight miles Below the city, early in the morning, causing a loss of about \$120,000. The docks held about 16,000,000 feet and a large quantity of lumber was piled in the mill yard which the flames did not reach. The mill and salt block were one drill house were destroyed. As nearly as can be estimated threefourths of the loss will be covered by

insurance. The origin of the fire is unknown, but is thought that skaters dropped matches or started a fire to warm themselves in a slip. The fire was burning fiercely before an organized attempt to stop it could be made. The Saginaw engine began throwing water about 2 o'clock. Two engines from Bay City arrived at 2:45. These, with the Car-rollton steamer, constituted the only available fighting force.

SECRET SOCIETIES DENOUNCED.

Preacher at Calumet, Mich., "Beards the Lion in His Den."

Calumet, Mich., Jan. 12.-Rev. S. T. Morris, pastor of the First Congregational church, has denounced secret socleties in unmistakable words. The sermon was delivered to a large congregation and has caused considerable feeling among those who differ with the gentleman on the subject. When it is taken into consideration that there are no less than forty secret societies in a town of this size, and that nearly every man in the city belongs to one or more of them, to say nothing of the women who belong in large numbers to various orders, the matter has more than ordinary meaning.

The preacher said that the denunclation was prompted by the fact that a lady member of the congregation had come to him and asked him to change the night of church prayer meeting so that she could attend, as under the present arrangement the lodge mesing came on the same evening that the prayer meeting was held and therefore she could not attend the latter.

MORMONS AFTER AN ISLAND.

Were Driven from Beaver in 1856 by Mob and Want It Back.

Detroit, Jan. 12.—Beaver island, sixty miles west of Petoskey, once the home of "King" Strang, the head of the Mormon movement in the north, is again the subject of contention, Strang's colony of Mormons, which controlled Beaver island for many years and over which he ruled with a not entirely bloodless administration, became dangerous in the early '50s that the state and local authorities dared not attempt to enforce the laws.

A raid from the main land in 1856 destroyed the colony and drove off the Mormons. Now a systematic organization has been effected with the inten-tion of gaining sufficient Mormon strength in Michigan to reclaim the island, to which they assert they have never given the state legal possession.

Church Row at Lansing. Lansing, Mich., Jan. 11.-Last spring several influential memberg of St. Paul's

rector, Rev. W. H. Osborne, withdrew their support and presence and kept up their efforts to oust him. Sunday the rector surprised the congregation by announcing that the vestry had suggested that his resignation was decired and that he would tender it. He protested against the treatment accorded him, declaring that by intrigue and malicfous deception the few "rich ontents" had poisoned the minds of other parishoners. He asked the congregation to declare itself on the subject. Many attended a meeting at the close of the service, and the unanimous sentiment was in favor of protesting against the acceptance of the

resignation.

Marquette, Mich., Jan. 12.-William Wetmore, one of the landmarks of the Lake Superior country, died at his home in this city. He was 'a years of age and has been in active business in this section of the Upper Peninsula since 1856. In the early days he was prominent in the shipping and iron mining business, in which he built up a fortune only to be swept away in the panic of 1871. He was at one time a partner with Samuel J. Tilden in the New York mine, but the partnership finally broke up in a litigation that lasted several years.

Charge Against a Railway Law. Lansing, Mich., Jan. 8.—John L. Berk-heimer, who was clerk of the committee presided over by the introducer of the Merriman railroad tax law, has written what he alleges is an expose of the railroad legislation of last winter. He charges that the bill was prepared by the railroad managers, who were consulted concerning all phases of its progress from the day of its introduction until it was passed as a compromise for all other railroad bills. He also says that it will increase the taxes but \$115,-000 annually. Its friends claim \$300,000

Ordered to Close Business. Lansing, Mich., Jan. 10.-Commissioner Campbell has directed the Preferred Mutual Benefit asssociation, Indutrial Benefit association and American Benevolent association, all of Detroit, to cease doing business. All were organized under the law for the incorporation of benevolent associations, yet have doing an insurance business, which the law does not authorize.

New Ore Dock at Escanaba. Escanaba, Mich., Jan. 12.-Men are at work tearing down No. 2 ore dock. Most of the timbers will be used to rebuild No. 4 which was burned Nov. 29 last. The new dock will be sixty feet high, containing 250 pockets, each one having a capacity of 125 tons. It will be forty feet wide and 1,500 feet long and will cost \$250,000.

Bonanza Copper Mine in Michigan. Detroit, Jan. 8.-The Baltic copper

mine near Calumet, recently sold to Cameron Currie, of Detroit, and the St. Mary's Canal and Mineral Land company, turns out to be a bonanza. One vein shows an average width of fortyeight feet, and the foot rock has not been reached.

They Get a Million Aplece.

Niles, Mich., Jan. 8 .- Mrs. Katle Ammon, of Vandalia township, Cass county, and two minor heirs, over whom she has been appointed guardian, have fallen heir to a \$3,000,000 estate by the death of her aged uncle, Silas A. Trabos, a Jackson, Miss., planter.

INDIANS OUT FOR REVENGE.

What the Lynchers Who Roasted Those Half-Breeds Are Responsible For.

South McAllister, L. T., Jan. 12 .- A telegram received here at 6:40 o'clock last evening by the train dispatcher of the Choctaw, Oklahoma and Gulf railroad, states that a band of 150 Seminole Indians are on the war path and are leaving behind a trail of blood. A telegram was sent by the railroad station agent at Earlboro. The brief story conveyed was that the Seminoles were avenging the work of the mob of white men that burned two Seminole Indians at the stake on Friday last and that the infuriated Seminoles had already massacred twenty-five men, women and children. The station ent gave the additional information that the band started from a point six miles south of Earlboro, with the avowed intention of setting fire to Tecumseh and killing all whom they met, that the Indians were reported to have changed their course and were at the time of the sending of the message headed toward Earlboro.

The receipt of this startling information has created intense excitement in South McAllister. Federal Judges Springer, Townsend and Springer, who are in the city, are anxiously awaiting further news. Scores of people here who have relatives and friends at Earlboro and other points in that section are beseiging the telegraph office for news, but the agent has either left the Earlboro station to gather further information, or perhaps is slain or driven to seek refuge.

St. Louis, Jan. 12.-A special to The Republic from Wewaka, I. T., quotes United States Marshal Bennett as stating that while the Seminoles are greatly excited and the situation very threatening, no massacres have yet occurred. LEXOW BUSINESS IS PRETTY WARM.

Looks Like the Chicago Civil Service Com mission Will Defy the Solons.

Chicago, Jan. 12.-The investigation of the state senate committee into Chicago's police government has ended so far as the presence of the civil service commission or its record is concerned, In the developments of yesterday twenty men were found who had been discharged half a dozen times for various violations of the police regulations, and disclosures were made which surprised the commissioners. They acted upon this at once, and acted upon treatment they had received from the committee by declaring that in their belief it was illegal, unfair and useless. They will accordingly refuse to take any further notice of it.

The attorneys-President Kraus for the civil service commission, and E. R. Bliss for the ex-policemen and committee-were at swords' points throughout the session, and on one occasion Attorney Bliss invited Kraus to "step outside and settle it, and I'll show you." President Kraus declared that Bliss was "a villain," and refused to permit him to handle any documents belonging to the commission for the reason that we cannot trust him with anything." It depends on the legality of the legisla-tive committee whether the commission will "ignore" it, and that point is the one upon which the commission bases its refusal to appear any further.
